ABOUT

Hi, I am an entry level machine learning developer with a bachelor's degree in Computer Science and a master's degree in Artificial Intelligence. I have 3 years experience working with machine learning and deep learning. This journey started with my Artificial Intelligence internship in 2018. A pretty sociable guy who loves to solve problems and gets along with everyone on my team.

EDUCATION

September 2020 - September 2021

M.SC ARTIFICIAL INTELLIGENCE

ASTON UNIVERSITY, BIRMINGHAM, UK

Modules Studied

MACHINE LEARNING

DEEP LEARNING

COMPUTATIONAL INTELLIGENCE

MULTI AGENT SYSTEMS

MATHEMATICS FOR AI

August 2016 - May 2020

B.TECH COMPUTER SCIENCE ENGINEERING

SRMIST, DELHI NCR, INDIA

Modules Studied

DATA STRUCTURES AND ALGORITHM DESIGN

COMPUTER SYSTEM ARCHITECTURE

OPERATING SYSTEMS

DATA MINING AND WAREHOUSING

MACHINE LEARNING

COMPUTER NETWORKS

NETWORK SECURITY

CONTACT DETAILS

EMAIL: PUNIT98@PROTONMAIL.COM

CONTACT NUMBER: +44 07587246577

LOCATION: BIRMINGHAM, UNITED KINGDOM

EXPERIENCE

June 2021 - Present

CCO AND DATA ANALYST

WEST MIDLANDS CYCLE HIRE, SERCO

Control Centre Operations for the cycle hire scheme in Birmingham,

Analysing data to find business insights and performance metrics for the scheme,

Using Power BI and Looker to make dashboards and reports for visualisations

June 2019 - August 2019

GRAPHIC DESIGN INTERN

INCEPTION WAVE

Designed promotional and marketing material for apps.

June 2018 - July 2018

STUDENT INTERN, ARTIFICIAL INTELLIGENCE

AICRA (ALL INDIA COUNCIL FOR ROBOTICS AND AUTOMATION)

Machine learning algorithms like:

- SVC, RFC, DTC

- Kmeans Clustering

Made a self driving car with Tensorflow and Keras

Used deep learning for Criminal prediction using RNN

Time series analysis and prediction for Bajaj Stock Prices

HARD SKILLS

PYTHON PROGRAMMING:

Can comfortably Program and deploy ML and AI programs.

POWER BI

Can perform data analysis and visualisations on corporate real world data using power BI

LOOKER

Can create amazing visuals and explores using Looker

DEEP LEARNING

Can use tensorflow and keras to train neural networks.

OTHER TECHNICAL SKILLS

Tensorflow	Scikit-learn	Keras	Numpy	Pandas
Matplotlib	Photoshop	Illustrator		Blender
Genetic Algorithms
